

# ALASKAN360Ti™

**FEATHERWEIGHT.  
UNPARALLELED  
VERSATILITY.  
MAXIMUM  
FLEXIBILITY.**

At 5.6 ounces, the Alaskan360Ti™, is the most adaptable, lightweight, multi-caliber suppressor on the market. Rugged's titanium version of the Alaskan360™ adds minimal weight to your firearm and is built to handle hard days on the range, back country adventures and anything in between. The Alaskan360Ti provides outstanding flexibility as it's rated for pistols and subguns up to 9mm and rifles up to .338 Lapua. Following the Rugged tradition, it is durable and built for a lifetime of use. The Alaskan360Ti ships with a titanium direct thread mount and is compatible with Rugged's titanium Universal Mount. Begin your adventure with the Alaskan360; it is time to Live Rugged™.

## TOP FEATURES

### Sound Signature

The Alaskan360Ti™ maintains an appealing tone and competitive sound signature. The Alaskan360Ti provides an enjoyable shooting experience whether you are shooting your pistol, MP5, or long range.

### Featherweight Suppressor

Things that are heavier than the Alaskan360Ti? An iPhone14, a large apple, a cup of blueberries, and a softball are all heavier than this suppressor. The Alaskan360Ti is almost undetectable on your firearm and is the perfect suppressor to take along while tracking game.

**UNCONDITIONAL  
LIFETIME  
WARRANTY**

### Unconditional Lifetime Warranty

All Rugged Suppressors products have an Unconditional Lifetime Warranty. With our strict quality control measures and use of premium materials, we confidently stand behind our products.
