

# RAZOR 762Ti™

## COMPACT SUPPRESSION, MAXIMUM LONGEVITY.

The Razor762Ti™ is an ultra-lightweight version of the Razor762™ clocking in at only 8.9 ounces. The Razor762Ti™ is developed to have reduced gas blowback and weight savings making it a smart choice for your rifle platform. The weight of this titanium can makes it easy to pack for your next trek into the outdoors.

## TOP FEATURES

### Accuracy Proven

We've sent thousands of rounds through our designs to ensure exactitude. Our vetting process gives our suppressors a proven accuracy and provides you with a repeatable zero shift when attaching/detaching your suppressor.

### Reduced Gas Blowback

Say goodbye to a face full of gas. The Razor762Ti™ is designed to have reduced gas blowback for your semi-auto and full-auto platforms.

### Dual Taper Locking System™

Our quick detach mounts feature 2 tapers. The front taper provides a concentric lock up and protects the threads from carbon build up. The rear taper prevents the suppressor from loosening during firing.

**UNCONDITIONAL  
LIFETIME  
WARRANTY**

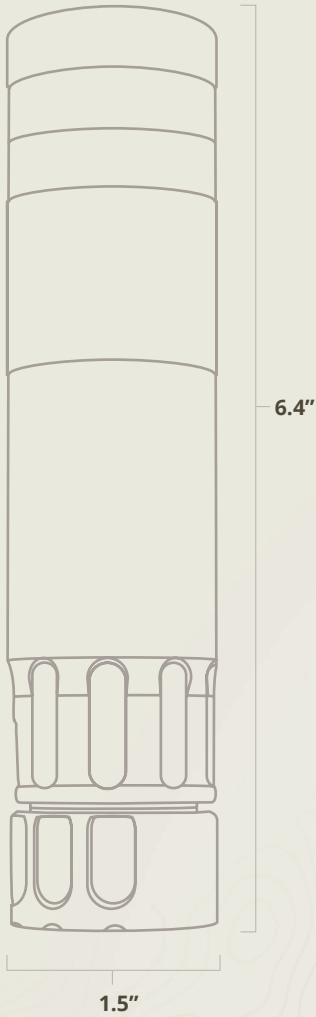

No matter the problem or how it occurred we will work with you to find a solution and fix it. To prove it, we have no legal print and our average turn around time is within 16 business hours.
